

Household Insurance – Information Capture Sheet

When completing the Information Capture Sheet, or having your Insurance Advisor complete it on your behalf, you must provide all material facts. Failure to disclose such necessary information or disclose false information could invalidate any insurance cover in the event of a claim.

Note to the Introducer: The Information Capture Sheet is provided for the purposes of capturing client's cover requirements prior to producing a full quotation using the software. Submission to underwriters of an Information Capture Sheet is not an acceptable means of application. A fully completed Application Form produced from the Quotation Documentation section of the software and submitted electronically is the only acceptable means of submitting new business to underwriters for acceptance.
